

Marion 7200 walking Dragline Preservation

James Brothers Coal Company of Magnolia, Ohio donated a Marion 7200 walking dragline to the Harrison Coal & Reclamation Historical Park, a surface mining museum project near Cadiz in Eastern Ohio. The dragline was dismantled & moved to the Harrison Coal & Reclamation Historical Park grounds located along Ohio 519, between New Athens & US Route 22. Funding for transportation, reassemble, and restoration costs is currently being raised. The dragline will be reassembled after enough funds are secured.

I would like to support the Marion 7200 Preservation Project. Please accept my donation to the project.

Amount\$ _____ I would like to make future donations to the project _____

I would like to pledge towards this project _____
